

## ***Introduction***

*Reason Papers* is grateful and pleased to publish a group of scholarly essays on Henry David Thoreau, under the guest editorship of Professor Kelly Dean Jolley of Auburn University, assisted by David Dyas of Georgia State University. The rest of the volume is devoted to reviews of books we believe will be of particular interest to our readers.

It should be clear that the journal welcomes unsolicited submissions and its next issue will continue publishing papers that were submitted and accepted by the editors through our peer review process.
